Outfitter: Luawata Conservation, Ltd  
Countries hunting: Tanzania, Zambia  
Featured species hunted: Lion, Leopard, Buffalo

Our Luawata concession lies in the corridor between the North and South Luangwa National Parks in the Luangwa Valley in Zambia. This is a prime hunting area and we produce excellent lion and buffalo.

I have hunted the Luangwa Valley in Zambia for the last 32 years and hunted in the Central African Republic from 83 to 86, and have hunted in Tanzania where I have held a PH license since 2006.
